[†]The Annual Percentage Rate (APR) for purchases and ATM and Bank cash advance transactions made with either the *Platinum Plus* or Preferred card is 13.99%. The current promotional APR offer for cash advance checks and balance transfers made with either account is 3.9% through your first six statement closing dates, commencing the month after your account is opened. When your minimum monthly payment is late (that is, not received by its Payment Due Date), or when the promotional offer expires, the APR that will be applied to all new and outstanding cash advance balances (consisting of cash advance check and balance transfer transactions) will be 13.99% for both *Platinum Plus* and Preferred accounts. Should your payment be late, the non-promotional APR will be applied to all new and outstanding cash advance check and balance transfer balances as of the first day of the billing cycle in which the payment was late (or never received). The non-promotional APR for your account is not guaranteed and is subject to change. Transaction fee for Bank and ATM cash advances: 3% of each cash advance (minimum \$5). Transaction fee for credit card cash advance checks and balance transfers: 3% of each cash advance (minimum \$5, maximum \$40). Transaction fee for the purchase of wire transfers, money orders, bets, lottery tickets, and casino gaming chips: 3% of each such purchase (minimum \$5). MBNA may allocate your payments to balances (including new transactions) with lower APRs before balances with higher APRs.

*Certain restrictions apply to this benefit and others described in the materials sent soon after your account is opened. If your application is approved with a credit line of less than \$5,000, you will receive a Preferred card. If you receive or if you choose a Preferred card, your Customer benefits will differ from those available with the *Platinum Plus* account: e.g., Year-End Summary of Charges is available upon request and Common Carrier Travel Accident Insurance coverage is up to \$150,000.
